Title:	In-Service – Training on use of BoardMaker / Speaking Dynamically
Category:	<input type="checkbox"/> Accessing the Curriculum <input type="checkbox"/> Developing AT Services <input type="checkbox"/> Other <input checked="" type="checkbox"/> Professional Development/Training Others Target Audience (if applicable): Level: <input type="checkbox"/> Beginning <input type="checkbox"/> Intermediate <input type="checkbox"/> Advanced

What we did:

I have developed a compare/contrast 10-page training hand-out for use of BoardMaker & Speaking Dynamically Pro for developing communication boards for a Mercury/Tracker AAC user.

In addition, I have other training hand-outs related to Mercury/Tracker use:

- How does the student Communicate
- General Maintenance
- Set-Up
- Current Communication Capabilities

What it accomplished:

Provided an AAC User's "new team" with an easy reference for use of software to develop new or modify existing SDP Communication Boards, without wading through the tutorials or manuals.

Comments or Suggestions:

This information can be easily shared via e-mail.
