**Title of Idea:**

**What we did:**  
 Covered Torengos (snack similar to Pringles) container - used covering and velcro to do storybook rhymes in classroom. Had a place to keep (store) materials and 3 sides to use for sequencing story items.

**What it accomplished:**  
 Ease of use; less need of hand usage in telling story; encouraged young children's active participation; easily transported between classrooms; Stable base for usage.

**Comments or Suggestions:**  
 Good for pre-school through 1<sup>st</sup> grade students; Inexpensive way to have low-tech with a lot of versatility.
